

# KUMAR CHAUDHARY

## BIOGRAPHY

**Candidate Description:** Backend Web Developer/API Engineer

Name: Kumar Chaudhary

Location: Chitwan, Nepal

Email: Kumarbhetwal25@gmail.com

Phone: 9867872978

### Summary:

I am a highly motivated and talented individual seeking a position as a Backend Web Developer or API Engineer. With a strong foundation in web development and a focus on Laravel and Django frameworks, I am eager to apply my skills and contribute to the success of your organization. I am passionate about creating efficient and scalable backend solutions, and I am well-equipped to handle the challenges of developing robust web applications and building powerful APIs.

### Skills:

**Backend Development:** I am proficient in Laravel and Django frameworks with the ability to design and develop server-side applications.

**API Development:** I have experience in building RESTful APIs and implementing best practices for API design and development.

**Database Management:** I am skilled in working with databases such as MySQL including query optimization and data modeling.

**Version Control:** I am familiar with Git and have experience collaborating with team members using Git workflows.

**Problem Solving:** I possess strong analytical and problem-solving abilities, capable of troubleshooting and debugging complex issues.

**Documentation:** I have excellent written and verbal communication skills with the ability to create clear and concise technical documentation.

### Experience:

**Web Development:** I have developed and maintained backend systems for web applications using Laravel and Django frameworks.

**API Engineering:** I have designed and implemented RESTful APIs, ensuring scalability, security, and performance.

**Database Management:** I have created and managed databases, optimized queries, and implemented data models.
